US terms used:

- St - stitch
- Ch – chain stitch
- Chsp – chain space
- Sl st –slip stitch
- Sc – single crochet
- Dc – double crochet

Tips:

- It is worked in rows back and forth. Turn your work after each row.
- Odd rows are the right side, even rows are the wrong side.
- Increases are made in every **fourth** row, starting at row 3, so increases are made in rows 3, 7, 11 etc to the middle of the shawl. All increases are made on odd rows.
- Your increases are made in the first st. Every other time by making ch 3 + dc + ch 2 + dc in the first st, every other by making ch 3 + 3 dc.
- You will need 2 x 50 g yarn for the whole shawl (the edging not included). You use one skein to the middle of the shawl, then you start on your second skein for the rest of the shawl.
NOTICE If you are using a bigger ball of yarn, for example Katia Infinity Shawl, you need to check the weight so you know when you have used half of the yarn and have reached the middle of the shawl. That way you will know when to start the decreases.
- If you have any questions about the pattern, you can always contact me at frostvirka@gmail.com.

Part one – From the beginning and to the middle of the shawl.

Repeat rows 4 – 11 until desired length, but with every repeat there will be more 3 dc-groups and groups of "dc + ch 2 + dc".

When your first skein is almost finished, the first half of the shawl is done. Do not fasten off in the middle of a row, be sure you finish the whole row first. Finish with an even row. I finished my first half by making row 8, so if you want to be able to follow the instructions I would advise you to do the same. See photo below.
